NutriScience Innovations is now offering a novel, naturally sourced, Soy-Free Phosphatidyl Serine produced from sunflower lecithin. It is completely free of soy-allergens found in traditional Phosphatidyl Serine products making it an excellent option for soy sensitive individuals and those seeking non-allergenic product labeling.

Soy-Free Phosphatidyl Serine is eco-friendly and non-GMO. The sunflowers used to produce Soy-Free Phosphatidyl Serine are grown on controlled farms in Europe and have a lower impact on the environment.

Key Benefits:

- Soy-free
- Allergen-Free
- Non-GMO
- Eco-Friendly

Applications:

- Tablets, capsules & soft-gels
- Functional Foods
- Nutritional Bars

Available Grades:

60% Powder & 18% Fluid available

Regulatory Status:

Sunflower Lecithin is Generally Recognized As Safe (GRAS) for use in food and beverages.

NutriScience Innovations, LLC
